

Pro-Find Equipment Inc.

Specializing in New, Used, & Reconditioned Oilfield Surplus

NEW SURPLUS 100 BBL DW Flare Knock Out Drum

- 8' diameter x 10' Long
- 50 PSI Non-Code
- Internally Coated: YES
- Double Wall Tank: YES
- We can verify connection sizes within a day and provide you with a suitable sketch, but please be aware there are no drawings at this current time.
- This design of tank would typically be installed a top 4 concrete piles and is an easy enough task to re-coat the outside and/or insulate it to your requirement. We can have this done in our shop for additional cost no problem.
